# WE DEVELOP MEDICINES

Zebinix in the treatment of epilepsy.  
Opicapone in the treatment of the  
Parkinson disease. Two medicines  
developed in Portugal.

New medicines of Portuguese origin are  
about to improve your well-being.

# WE CONNECT BUSINESSES

Skilled human resources, competitive fiscal and labor systems, top telecommunications networks and pleasant working environments.

Reasons why CEOs choose Portugal to install Shared Service Centres connecting their business to the world.

# WE REDISCOVER THE SEA

We build and transform large ships and bring life to luxury sailboats. From the sea we obtain fish that make our gastronomy unique, seaweed for luxury cosmetics and new forms of energy.

Our ports own competitive advantages which make them a required transit point. We discover new ways to create value in the Sea Economy.

# WE PREPARE THE FUTURE

We develop teaching contents,  
technologies and equipment.

Computers, tablets, interactive boards  
and tables, projectors and furniture  
improve the performance of both  
teachers and students.

Portugal is a modern, sophisticated and future-oriented country. We are capable of combining tradition and innovation in what we do in a surprising way.

A welcoming country, filled with sunshine, breathtaking landscapes and a unique gastronomy. We are an open and multicultural country, able to gather the best of our experience and knowledge to originate solutions that push forward global businesses.

**Portugal**, a country that will surprise you.
