

Conecta *Movilidad* 2026

Sustainable Mobility Summit

PARTICIPATION INVITATION

Connect with sustainable mobility opportunities in El Salvador

A Global Gateway initiative designed for companies, institutions and organizations interested in exhibiting, speaking and building partnerships.

23, 24 and 25 November 2026

San Salvador, El Salvador

Write to info@conectamovilidadsv.com

For exhibition spaces, conference participation and activity proposals
Sustainable Mobility Summit 2026

What is ConectaMovilidad?

An institutional and business event for sustainable mobility collaboration.

ConectaMovilidad connects European innovation with the challenges and opportunities of El Salvador's mobility sector.

It is a meeting place to exchange knowledge, share solutions, build mobility partnerships and create professional opportunities. The Summit will also showcase and discuss projects from other Central American countries, with representatives present at the event.

1

**Knowledge
exchange**

2

**Business
partnerships**

3

**Regional
dialogue**

**Designed for organizations that want to be visible
in the sustainable mobility ecosystem.**

Why participate?

Visibility, positioning and qualified connections in a focused mobility environment.

Participation is most valuable for companies and organizations that want to:

1

Showcase European solutions

Present innovative projects, technologies and civic approaches.

2

Identify opportunities

Detect cooperation, investment and public development opportunities.

3

Drive connections

Build high-level links with leadership and potential partners.

A practical platform to move from visibility to partnership conversations.

Interested in exhibiting, speaking or participating? Write to info@conectamovilidadsv.com

How companies and organizations can participate

Choose the format that best matches your objectives.

1

Exhibit

Showcase solutions, technologies, projects and services in the exhibition area.

2

Speak

Participate in conferences and panels with European and Salvadoran experts.

3

Meet

Use 1:1 professional meetings to open concrete business conversations.

4

Engage

Join technical, cultural and networking activities to build relationships.

The first step is simple: tell the Summit team what kind of participation you are interested in.

Interested in exhibiting, speaking or participating? Write to info@conectamovilidadsv.com

Exhibition area

A space to present solutions, technologies and innovative transport projects to stakeholders from El Salvador, Europe and the region.

What to showcase

Solutions, technologies, services, pilots and project capabilities.

Who you will meet

Public sector representatives, companies, investors and mobility experts.

How to apply

Write to the Summit team with your organization, solution and preferred format.

Interested in exhibiting, speaking or participating? Write to info@conectamovilidadsv.com

Conferences and panels

A platform for organizations with expertise, cases and perspectives to contribute.

The programme will feature sessions with European, Salvadoran and Central America experts on sustainable mobility and transport topics.

- Share practical expertise and relevant project experience.
- Position your organization as a contributor to sustainable mobility.
- Connect your perspective with public sector and business stakeholders.
- Propose activities that add value to the Summit experience.

Interested in contributing to the programme?

Send a short note explaining your topic, speaker profile, organization and preferred participation format.

An initiative within the Global Gateway framework

A European framework for partnership, investment and sustainable impact.

Global Gateway is the European Union's strategy to invest in partners and prosperity, promoting a wave of climate & digital, energy, transport and beyond, based on European values and sustainable impact.

- Sustainable investments and partnerships
- Human-centered impact
- Trusted standards and governance
- Connectivity
- Contributes to climate agendas
- Diverse, inclusive people and impact

For organizations, this means a stronger context for credible projects, meaningful dialogue and long-term cooperation.
