

# 2025/6 HEALTHIL WEEK

## Looking Ahead: The Next Phase for Israeli Health Innovation

Main Event | 19.01.26, EXPO TLV  
HealthIL Week | January 18-22 2026

Israel's healthcare innovation ecosystem is built on collaboration, agility, and world-class talent. With its unique data-driven healthcare system, strong government backing for R&D, and a culture of cross-sector partnership, Israel has become a launchpad for healthcare innovation worldwide.

HealthIL Week is your gateway to this ecosystem, a week-long gathering connecting global leaders, startups, investors, and health organizations to explore partnerships, insights, and real-world applications.

Organized by HealthIL, Israel's national healthcare innovation platform — a joint venture of the Ministry of Health, Ministry of Economy, Israel Innovation Authority, JDC, and 8400 The Health Network.
